- 2 days left! Pre-MD-PhD summer program, Feb. 1st

Applications for the 2018 Gateways to the Laboratory Summer Program for Pre-MD-PhD students are now being accepted and close on Feb 1.

- Find out more about the Gateways to the Laboratory Program and its unique blended learning and virtual mentoring format by clicking here.
- Read about our incredible outcomes for getting Gateways alumni into MD-PhD Programs by clicking on our Academic Medicine article by clicking here.

The Gateways to the Laboratory Program is for:
- Freshman and sophomores (at time of application) only;
- Underrepresented minority students or have a disability;
- US Citizens/Permanent Residents;
- Students who wish to pursue the combined MD-PhD degrees after college (this is not well suited for those who wish to pursue MD only).

The application deadline for this and most other summer programs is February 1.

I would also like to share two podcasts "Tri-I Pod" (available on iTunes) we've put together related to the Gateways to the Laboratory Program. Episode 3 of the podcasts specifically talks about the unique mentoring program "Big Sibs" that we practice in Gateways. Episode 4 of the podcast discusses the unique journal club we offer and the incredible support system that guides it.

- KU School of Pharmacy - Campus Convention (APhA-ASP), Feb. 3rd (See Attached Flyer)

It's evidently a pretty cool event for pharmacy exposure, healthcare/professional networking, summer opportunities, and exposure to related stuff too. Feel free to pass it on.

Experts with details about the event are available at KucampusConvention@Gmail.com.

- Choosing a Dental School webinar, Feb. 6th

Below is information on an upcoming webinar on choosing the right dental school, hosted by the American Student Dental Association for students interested in pursuing dental school. This webinar is free for ASDA predental members.

**Webinar:** Choosing the right dental school – **Register**

**Date:** February 6, 2017, 7-8:30pm CST

**Description:** Transferring dental schools is rare and onerous. So it’s extremely important to make sure you are making the best decision for yourself when choosing which school to attend. Panelists will share their experiences and advice on choosing the right dental school and what factors to consider when making that choice. You will also have the opportunity to ask questions of the panelists.

**Panelists:**
- David Danesh, Harvard ’20
- Jeffrey Kerst, Louisiana ’19
- Abbey Tadros, Alabama ’19

- Pre-PA Club Meeting, Thursday, 2/8, at 7pm in 2047 Haworth
Hi everyone!
I hope you all had a wonderful winter break! Our next Pre-PA Club meeting will be Thursday, February 8th at 7 PM in Haworth 2047 (same room as last semester). We will be hearing from a PA, Margaret Kucia, who worked for years in the army and now works at a hospital in Leavenworth, KS. You won’t want to miss this meeting - she offers a lot of great insight and experiences about the profession. As always, let me know if you have any questions. I can’t wait to see you there!
Claire Eggleston
claire.eggleston1@gmail.com
Western University of Health Sciences is, once again, honored to host The Robert Wood Johnson Foundation's Summer Health Professions Education Program (SHPEP) on our campus this year. Please share this great opportunity with your students. The attached brochure and our SHPEP Website should answer most questions but I'm here to help if there is anything you need.

- A. T. Still University DO/DMD for a Day - Missouri Campus, Feb. 20th

**A.T. Still University**
Missouri School of Dentistry & Oral Health (MOSDOH) &
Kirkville College of Osteopathic Medicine (KCOM)

Join us for a day in the life as a student!

**DATES on the Missouri campus:**
February 20, 2018
March 13, 2018
March 27, 2018

**Time:** 8:00 a.m.-5:00 p.m.

Join us for a typical day in the life of an ATSU student with academic activities, lunch, and a campus tour with current student ambassadors.

**DO & DMD dates include**
Lectures and labs with student host
Information session with Admissions
Lunch and tour with student ambassador
Museum of Osteopathic Medicine

**Highlights of the programs**

- ATSU-KCOM is the founding school of osteopathic medicine. Students can learn about its rich history by visiting the Museum of Osteopathic Medicine, located on campus.
- ATSU-KCOM uses the aligned discipline curriculum model which focuses on aligning subject matter among the basic sciences and clinical sciences, with a focus on Osteopathic Manipulative Theory, full cadaver dissection, and human patient simulation.
- ATSU-MOSDOH aims to increase access to oral healthcare for Missouri's most vulnerable populations by addressing the state's critical shortage of dentists.
- Only the second dental school in the state, its goal is to graduate dentists who have an in-depth understanding of and a desire to serve populations in need by focusing clinical simulation in the classroom and exposure to public health.

ATSU’s Student Osteopathic Medical Association and American Student Dental Association encourages pre-med and pre-dental students to attend ATSU's DO/DMD for a Day. Undergraduate students who are interested in learning about our university are encouraged to attend.
SEATS ARE LIMITED

- **NARAP: Clinical Research Opportunities (See Attached flyers)**

As the spring semester starts, students are looking for clinical experiences now and for the summer. The National Alliance of Research Associates Programs (NARAP) has those opportunities waiting for them. NARAP has been busy rolling out our current study on implementing primary care cancer screening for patients and their visitors in the emergency department.

We want your students to be part of this work that looks to enroll more than 300,000 participants nationwide, potentially the largest prospective, interventional study ever done. Attached in the subsequent email are flyers for posting or email transmission about these volunteer positions:

- Line Research Associates (one, 4-hour shift per week in the emergency department as data collectors for clinical research)
- Chief Research Associates (college graduates, 20-hours per week as middle managers of RA programs at NARAP Affiliate hospitals)

Of special note, Coney Island Hospital, NARAP’s newest Affiliate in New York City, is looking for Chief RAs to initiate their Program. Applications from the NARAP website can be sent to me.

Keith Bradley MD
Chief Executive and Chief Medical Officer
Phone: 203.767.6363
Email: kbradley@theNARAP.org

---

- **First Med Part-time job opening**

One of the student has moved on to med school creating another part-time position at First Med serving as a part-time customer service representative in our front office. Therefore, I would like to request you distribute/post the attached to students looking for a part-time position. Please feel free to contact me with any questions @ 785-865-5300 or firstmedmanager@gmail.com

Sincerely,
Wanda Paver, Practice Mgr
First Med, PA

**Job Opportunity for Morning Times**

Hello there,

My name is Julie Steward and I am looking for extra help for the morning routine. This would involve 2–4 mornings per week. Looking for someone with a good, positive energy level who is physically capable of helping a female who uses a powered wheelchair. Transportation is needed to get to and from my home. While I know this is a little difficult for some students, a couple of students with the right kinds of morning class schedules would be really helpful.

This is in a nice neighborhood in Lawrence. It's very reliable work. Would like to start soon, so please reply to praisemakesbest@sbcglobal.net

**Part-time Vet Assistant position open**

We are once again looking for a pre-vet student from the University of Kansas to fill a part-time position as a veterinary assistant at Gage Animal Hospital in Topeka. This position, during this semester, will be 15 to 20 hours per week. For the summer, this position might be expanded to full time, depending upon the summer work availability of our current part time vet assistants.

Here is the job description: Wanted: Gage Animal Hospital, Topeka, KS 785-272-8876, gageanimalhosp@aol.com. Pre-veterinary student to work approximately 15 - 20 hours per week. This position involves assisting veterinarians in a small animal hospital with examinations and surgeries; performing laboratory testing of blood and fecal samples; animal care, including cleanup and exercising; inventory work; general cleaning duties. Extremely fast paced environment. Must be able to multi task. Must be available to work two Saturdays per month. (Other hours are flexible). Starting pay $12.00 per hour. If interested, please call or submit resume by email.

Thanks for your help, Paul!
Kate Shipman, Administrator, GAH
